

ORGANIZED SEMINARS, COMPETITIONS AND DIALOGUES IN SECONDARY SCHOOLS ON EARLY PREGNANCY AND DRUGS ABUSE

LNOB administration organize seminars, competitions and dialogues on early pregnancy and drugs abuse issues. Through well prepared handouts and PowerPoints, students shared a crucial message on topics relating to causes and demerits of early pregnancy and drugs. Students are given a platform to ask curiosity questions on shared topics as well as special rewards given to students who try to answer correctly those questions. Through suitable planned seminars and dialogues, students are shown how early pregnancy and use of drugs harm youths' life and Rwandan community. By this approach, planned completions on selected topics used to facilitate learners for better understanding causes of early pregnancy and drug abuse and their associated effects on Rwandan children.
